## A Full Service Pool Company

*Keith Marson and his staff at Keith the Pool Tech wish to thank you for your continued support throughout the years. In order to give you the service you deserve I have started my own swimming pool service company.*

*In today's world of pool supplies there are discount stores, variety stores, pool supply mail order houses and a number of others who offer chemicals and equipment at a supposedly lower price. Unlike other supply companies we offer support services and knowledge.*

*We have a phone and fax, and also an email address and website to more easily contact us and to better serve you.*

*Wishing you a warm spring, hot summer and safe, happy times!!*

Sincerely,  
  
Keith Marson  
President

*We at Keith the Pool Tech are proud to be affiliated with the following organizations and would like you to know more about them*

### ABOUT NESPA

In the late 1950s, members of the swimming pool industry in the northeast section of the U.S. banded together to form Northeast Swimming Pool Association (NESPA) to address their collective needs. The organization has been continuously engaged in promoting and protecting its members and educating them and raising their levels of competency in all phases of business activity.

NESPA also serves as a source of product and safety information for the ultimate consumer. For over forty years, NESPA has been affiliated with the Association of Pool & Spa Professionals (APSP), first as that organization's Northeast Chapter, and subsequently, as the administrator of the five APSP Chapters located in a territory known as Region I.
